Section II Terms

Collocation

Occurs when the position or unit routinely physically locates and remains with a military unit assigned a doctrinal mission to routinely engage in direct combat. Specifically, positions in units or sub-units which routinely collocate with units assigned a direct combat mission are closed to women. An entire unit will not be closed because a sub-unit routinely collocates with a unit assigned

a direct combat mission. The sub-unit will be closed to women.

Direct Combat

Engaging an enemy with individual or crew served weapons while being exposed to direct enemy fire, a high probability of direct physical contact with the enemy's personnel and a substantial risk of capture. Direct combat takes place while closing with the enemy by fire, maneuver, and shock effect in order to destroy or capture the enemy, or while repelling the enemy's assault by fire, close combat, or counterattack.

Routine

A regular course of procedure.
